House rules

Dear guests,

As we also use the house ourselves, it is personally furnished and fully equipped. Please take good care of the house, its furnishings and all belongings.

- Smoking is not permitted anywhere inside the house.
- Please remove your shoes in the entrance area.
- Please park all vehicles on the property. If you park at the roadside, the responsible authorities may identify a parking violation and impose a fine.
- If you are outside after 10 p.m., please keep noise to a considerate level so that our neighbours are not disturbed.
- If you have any questions, please contact your host directly (tel.: +49 157 50456327) or the designated contact person, rather than the neighbours.
- Please do not enter or drive onto neighbouring properties.
- Furniture must not be moved, particularly beds and wardrobes. Please leave it in its designated place.
- Please take good care of our sofas and upholstered furniture.

Thank you for looking after our home during your stay!

We wish you a wonderful stay in Lapland and a relaxing time at Villa Terra Ultima!
